AT SHEFFIELD CITY HALL

## A UNIQUE VENUE FOR YOUR SPECIAL DAY

Standing proud in the heart of Sheffield since 1932, Sheffield City Hall is one of the region's great architectural landmarks, a stunning neoclassical concert hall that has played host to some of the most important names not only in music but in modern history. Hosting an event here means following the footsteps of legends like The Beatles, David Bowie, Winston Churchill and Pablo Picasso.

As well as entertainment and public events, the City Hall has a leading reputation for hosting international business conferences and intimate private functions, built on the excellent service, technical expertise and attention to detail expected from a prestige venue.

THE BALLROOM IS  
BREATHTAKING —  
ONE OF THE CITY'S  
MOST UNIQUE SPACES.

The Ballroom at Sheffield City Hall is one of the city's most unique spaces, featuring a striking hand-painted art deco ceiling, luxurious columns and ornaments, a famous light-up dance floor, two equally impressive adjoining halls and a large modern bar.

Accommodating anywhere from 100 to 500 people, the Ballroom's combination of stunning heritage glamour and modern versatility makes it the perfect wedding venue.

A range of dressing rooms are available throughout the building, giving you a taste of backstage luxury as you prepare for your ceremony.

Situated in the centre of Sheffield, the City Hall couldn't be easier for your guests to travel to by rail or road. We're happy to recommend parking, hotel and travel options to make the journey and stay in the Steel City a breeze.
